Residential Third Party Inspection Policy

Third Party Inspectors shall submit qualifications to the Building Inspection Department, and be approved, before providing services in our locality.

Accepted inspections by third party inspectors are to include;

- Footings
- Poured Walls
- Foundations
- Concrete Slabs

Third party inspections are optional. Permits shall be obtained prior to work commencing. Inspection reports shall be submitted within 48 hours of the inspection, and approval is at the discretion of the Building Official.

This is not to include third party inspections for residential and commercial projects in accordance with Chapter 17 of the Virginia Construction Code and the Virginia Residential Code.
